WINE CELLAR TOUR

The Old Vinag Wine Cellar

The journey continues with a guided visit to the Vinag wine cellar, one of the most remarkable underground wine cellars in Europe. As visitors walk through its historic tunnels, they uncover the fascinating story of the cellar and its deep connection to centuries of winemaking tradition.

Following the cellar visit, guests enjoy a tasting of selected Vinag wines, paired with local cheeses and cured meats that highlight the wines' distinctive aromas. In this relaxed setting, visitors can savour the authentic flavours of the region while sharing the experience and creating memorable moments.

TOUR OF THE CITY AND THE REGION

The House of the Oldest Vine

After the tasting, the experience continues with a guided walk through the historic centre of Maribor. As you stroll through the charming streets of the Old Town, you will discover architectural landmarks, cultural highlights, and stories that shaped the city's identity through the centuries.

A special highlight of the tour is the external visit to the House of the Oldest Vine, home to the world's oldest grapevine, which has been growing for more than 400 years. This extraordinary symbol of Maribor's wine culture represents the resilience and pride of the local community.

Panoramic Drive through the Region

The experience concludes with a scenic panoramic drive through the surrounding vineyards, leading to the picturesque neighbourhood Špičnik. Here guests can relax, enjoy a glass of wine from a picnic basket, and take in the stunning views of rolling vineyards that define the Štajerska wine landscape.
